

# GLOBE-2000 FLEXO PRINTER SLOTTER

## Meeting today's ever diversifying packaging needs with computers

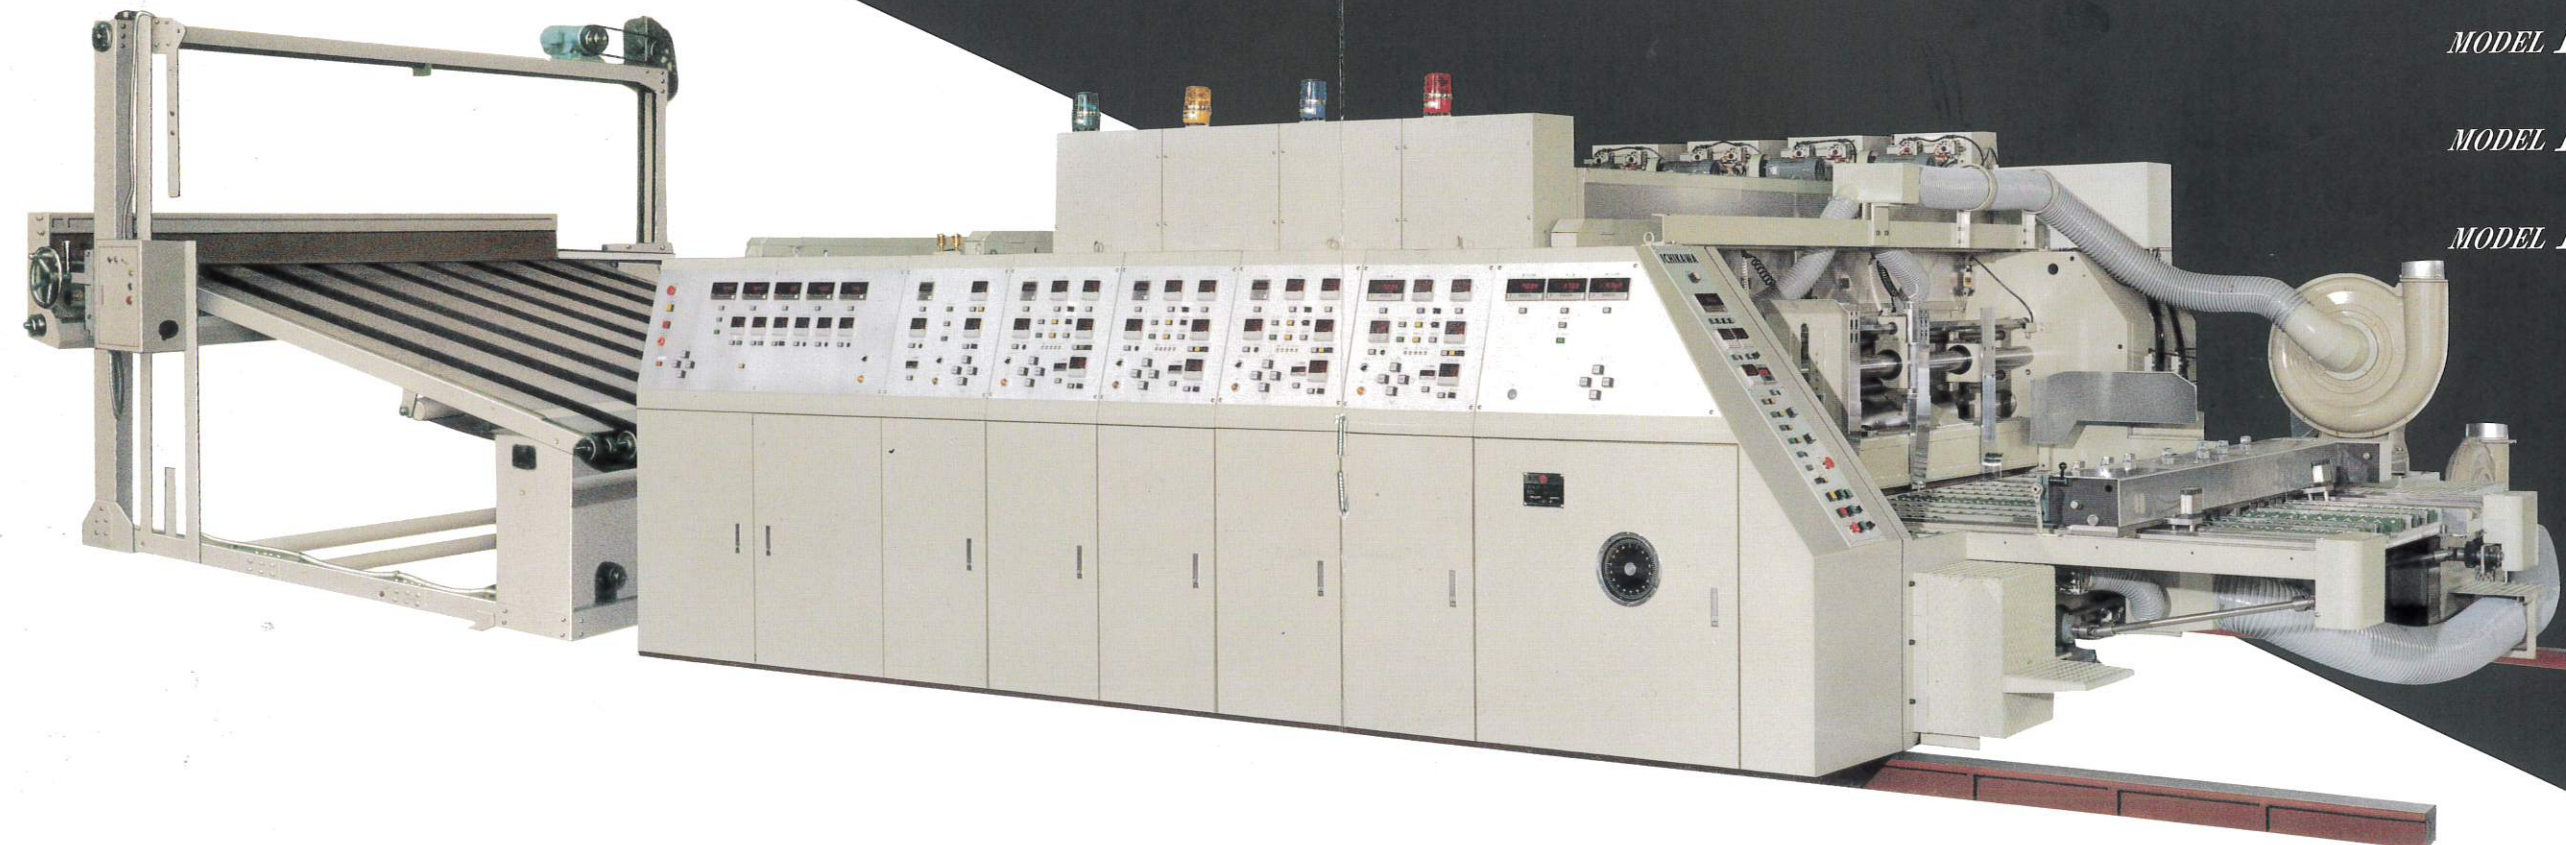

- Can feed the warped sheets precisely by our Powerful Suction Feed Table.
- Printers have Ink Circulation System in order to save ink-loss.
- Our 6-shaft slotter has the big advantages. Slotter knives changes are not necessary in the process of making 2 pcs. box by Skip Feed owing to its advantage.
- Possible to equip with Rotary Die Cut unit at end of transfer conveyor.
- Positioning is automated by pre-set or optional computer.

### • FLEXO PRINTER SLOTTER

Specifications	MODEL	PRF-21G	PRF-24G	PRF-27G	PRF-29G
